

Excellence in Construction Awards

AGC of East Tennessee serves as the leading advocate, educator, supporter, and connection point for construction industry professionals throughout East Tennessee, representing 250 firms across 22 counties in Tennessee.

The intent of the AGC's BRIC Awards is to acknowledge excellence in construction projects and to elevate the standards of the construction industry. The awards will recognize outstanding projects in three categories: new construction, renovation, and transportation and infrastructure. The Selection Committee (comprised of AGC members from a separate chapter) will look for state-of-the-art advancement, project management, innovation in construction techniques, collaboration, environmental sensitivity and more.
